Boutique Education

The image features a white background with decorative tropical foliage in the corners. In the top-left, there are light green palm fronds. In the top-right, there are dark green leaves with white veins and a dark green leaf with white spots. In the bottom-left, there are dark green leaves with white spots and a light green leaf. In the bottom-right, there is a large, detailed dark green monstera leaf with white veins.

"Nature is a tool to get children to experience not just the wider world, but themselves."

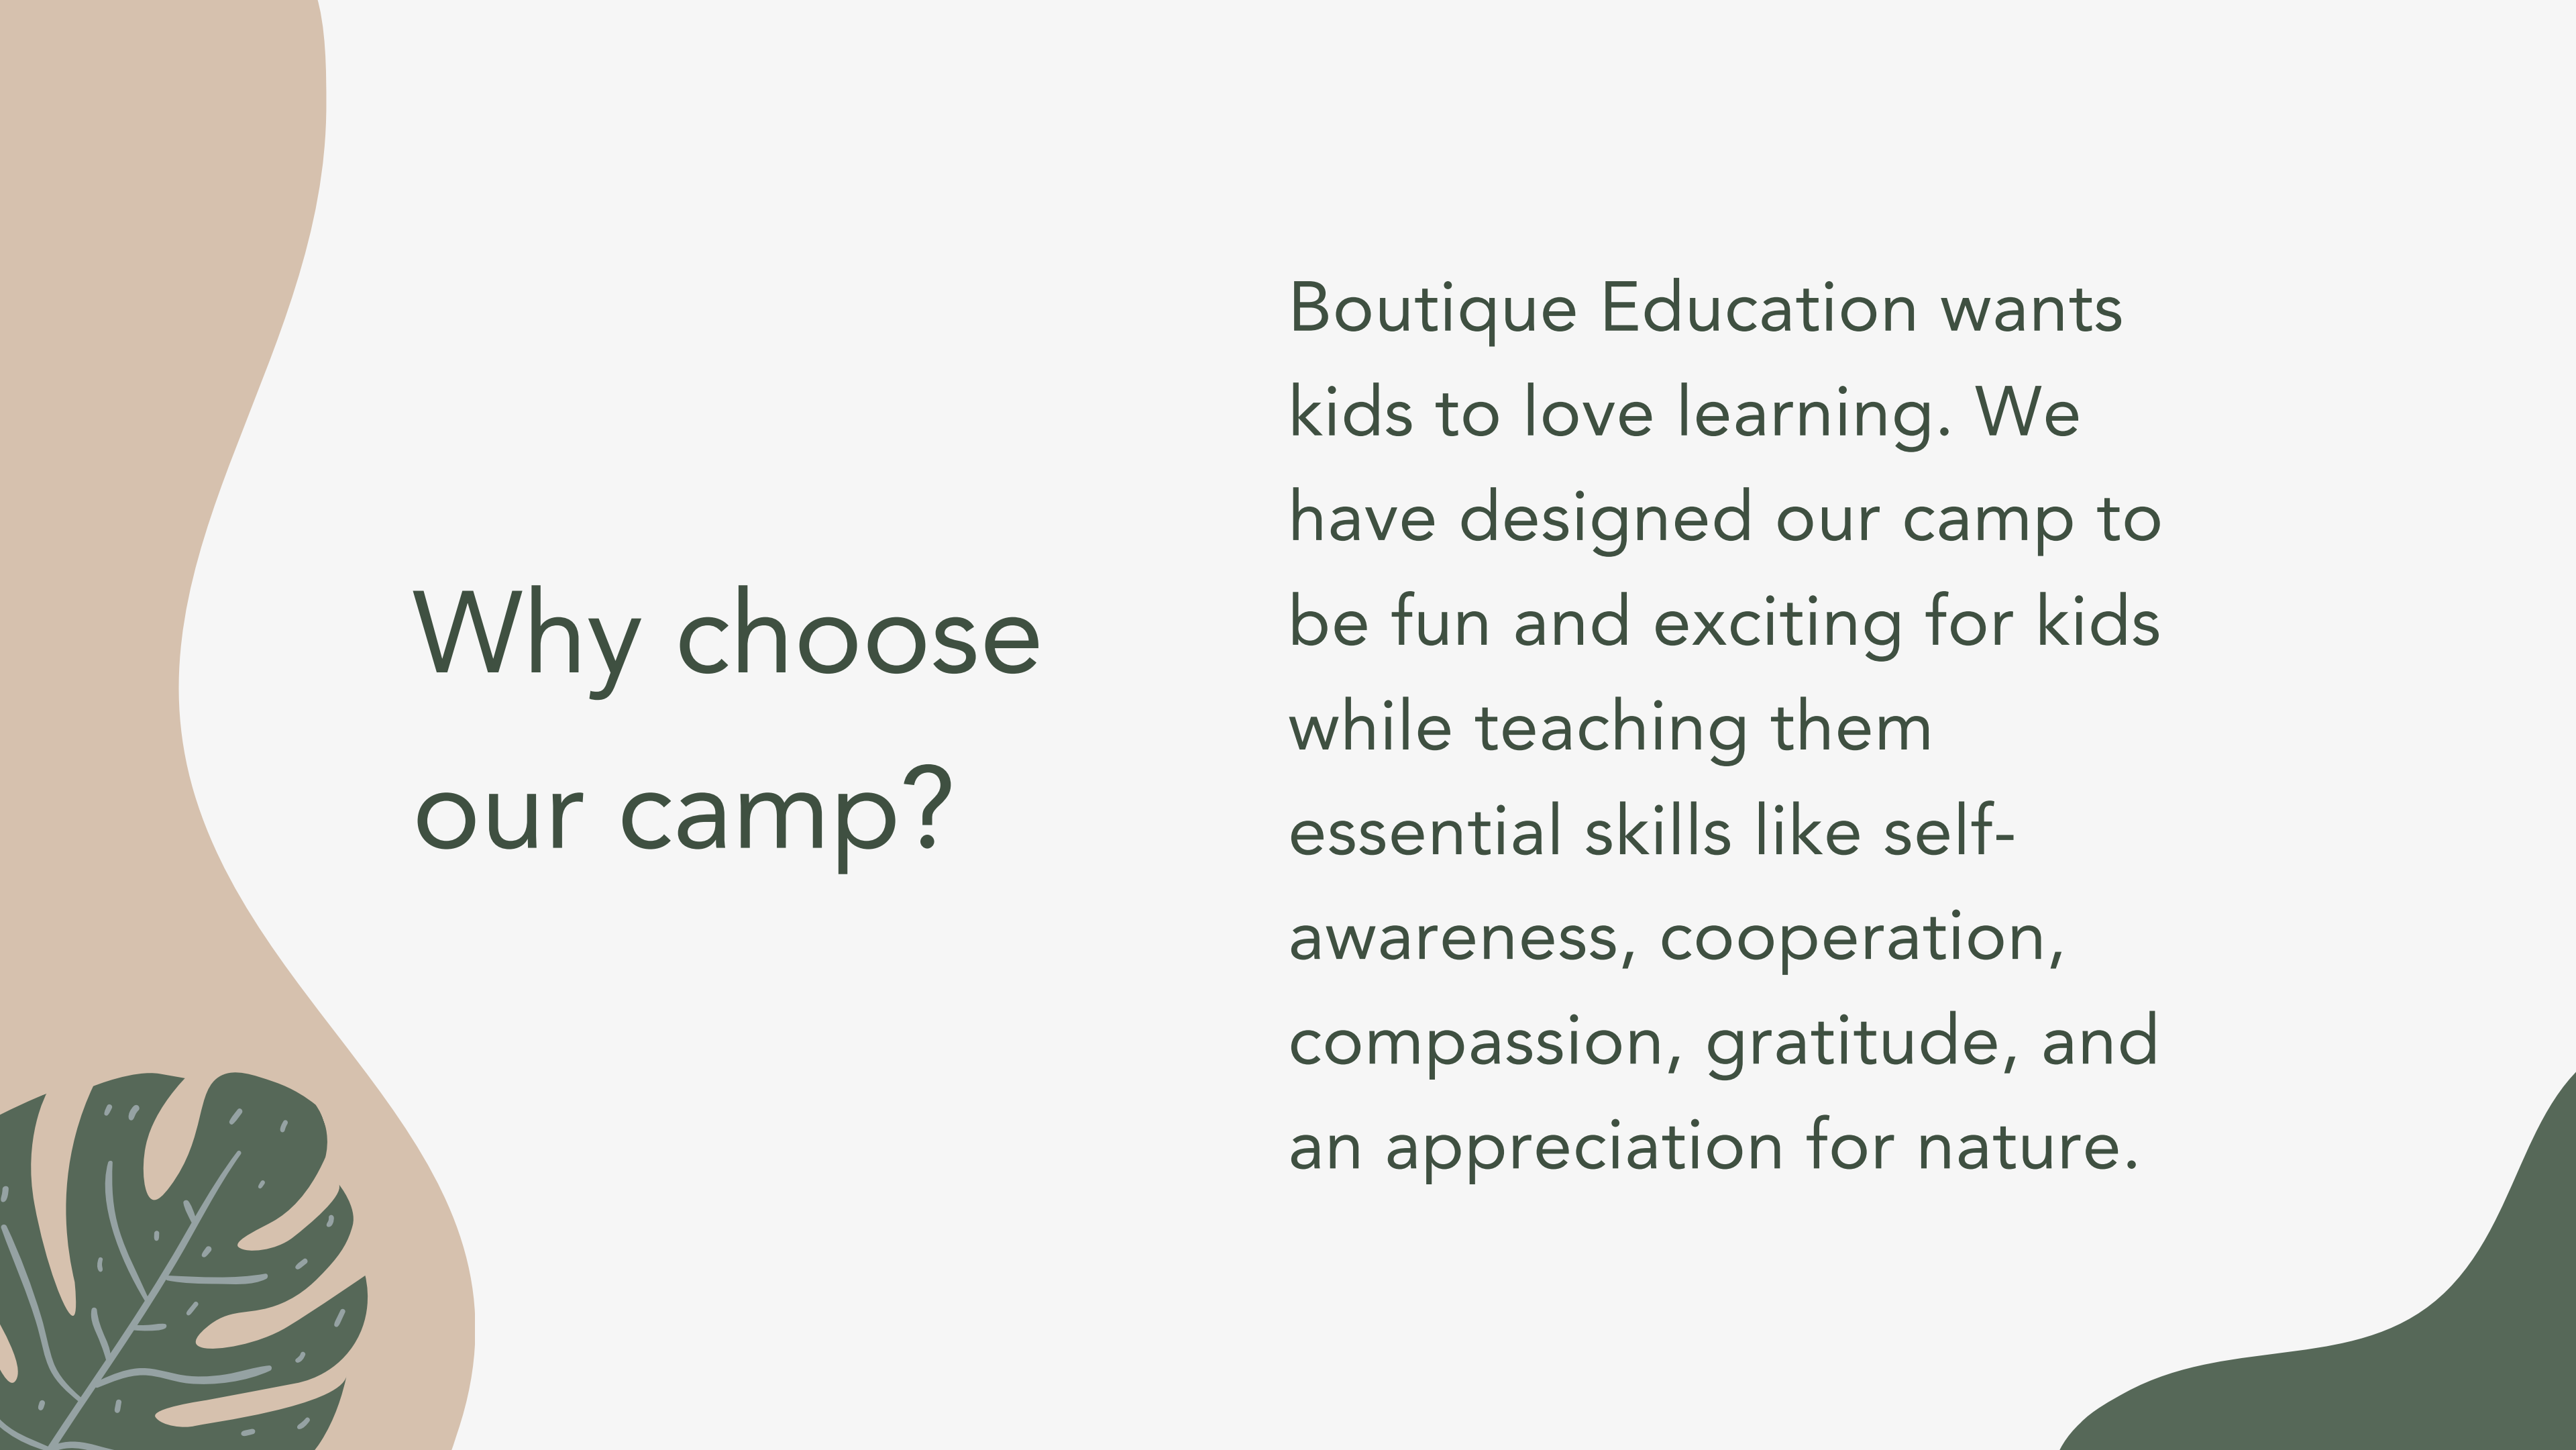

-Stephen Moss

Embrace your child's wild side! Our camp will take kids on an adventure across five different ecosystems: the African Savannah, rainforests, tropical gardens, oceans, and deserts.

## Why choose our camp?

Boutique Education wants kids to love learning. We have designed our camp to be fun and exciting for kids while teaching them essential skills like self-awareness, cooperation, compassion, gratitude, and an appreciation for nature.

## Who can enrol?

We offer two camps:  
one for kids aged 5-7  
and one for older kids  
aged 8-10.
